THE TRIENNIAL AND QUINQUENNIAL CATALOGUES

Probably the first complete catalogue of the graduates of Harvard University was the one which was published in the form of a broadside in 1674. The next catalogue appears to have been issued in 1682. After that year it seems probable that the list of graduates was issued triennially. The names were given in Latin, and the list was printed as a broadside until 1776, when the first catalogue in octavo form was issued. Since 1875 the catalogue has been printed at five-year intervals, and since 1890 the names of graduates have been given in English. In the 1915 edition of the catalogue, certain distinctions received at graduation were inserted for the first time in the class lists. A detailed statement of the honors printed in this catalogue is given in the note on page 131.

THE BEQUEST OF JOHN HARVARD

From "College Book, No. III," page 1

The Reverend mr John Harvard sometimes Minister of Gods Word at Charlestown by his last Will & Testament gave towards the erecting the above'd School or Colledge, th'one Moiety or half parte of his Estate, the sd Moiety amounting to the Sum of Seven hundred Seventy nine pounds Seventeene Shillings and two pence.

From "New England's First Fruits, 1643," page 12

1 After God had carried us safe to *New-England*, and wee had builded our houses, provided necessaries for our liveli-hood, rear'd convenient places for Gods worship, and settled the Civill Government: One of the next things we longed for, and looked after was to advance *Learning*, and perpetuate it to Posterity; dreading to leave an illiterate Ministery to the Churches, when our present Ministers shall lie in the Dust. And as wee were thinking and consulting how to effect this great Work; it pleased God to stir up the heart of one Mr. *Harvard* (a godly Gentleman, and a lover of Learning, there living amongst us) to give the one halfe of his Estate (it being in all about 1700. l.) towards the erecting of a Colledge, and all his Library: after him another gave 300. l. others after them cast in more, and the publique hand of the State added the rest: the Colledge was, by common consent, appointed to be at *Cambridge*, (a place very pleasant and accommodate and is called (according to the name of the first founder) *Harvard Colledge*.

OVERSEERS

1637

Appointed November 20, 1637, by the General Court, "to take order for a colledge at Newetowne."

John Winthrop, Thomas Dudley, Richard Bellingham, John Humfrey, Roger Harlakenden (died 1638), Israel Stoughton, John Cotton, John Wilson, John Davenport, Thomas Welde, Thomas Shepard, Hugh Peters. *Mass. Colony Records*, I. 217.

John Endicott.[1]

1642

"The *Governor* and *Deputy Governor* for the time being, and all the *magistrates* of this jurisdiction, together with the *teaching elders* of the six next adjoining towns, viz. Cambridge, Watertown, Charlestown, Boston, Roxbury, and Dorchester, and the *President* of the College for the time being." *Order of September* 27, 1642 (page 4).

1697, 1700

The *Governor* and *Council* for the time being.[2]

1707

The organization established in 1642 restored. *Resolve of December* 6, 1707.

1780

The *Governor*, *Lieutenant-Governor*, *Council*, and *Senate* of the Commonwealth, with the *President* of the College, for the time being, and the *Ministers* of the Congregational Churches in the towns of Cambridge, Watertown, Charlestown, Boston, Roxbury, and Dorchester. *Constitution of Massachusetts*, *ch.* V. *sec.* i. *art.* 3 (*June* 15, 1780).

1810

The *Governor*, *Lieutenant-Governor*, *Council*, *President* of the Senate, and *Speaker* of the House of Representatives of the Commonwealth, and the *President* of the College, for the time being, with fifteen *Ministers* of Congregational Churches, and the following persons by election. *Act of March* 6, 1810: *accepted by the President and Fellows, March* 16; *by the Overseers, April* 12.[3]

[1] John Endicott as Deputy Governor is found among the Overseers on the Commencement Theses of 1642 as printed in *New England's First Fruits* (London, 1643). In the same publication the statement (evidently written before September 27, 1642) is made: "Over the Colledge are twelve Overseers chosen by the General Court, six of them are of the Magistrates, the other six of the Ministers, who are to promote the best good of it, and (having a power of influence into all persons in it) are to see that every one be diligent and proficient in his proper place." (Page 13.)

[2] The Charter of 1692, which, though duly passed by the legislature, was neither approved by the King nor accepted by the College, made no provision whatever for a board of Overseers or Visitors, all power being placed in the Corporation.

The Charter of 1697 was likewise returned without approval by the King, but the College was for a period conducted under its provisions. The Governor and Council were to "have, use, and exercise a power of visitation as there shall be occasion for it," but their relation to the Corporation was not defined with exactness.

The bill of 1699, which was not signed by Governor Bellamont, assigned the power of visitation to the "King and his Governor."

The Charter of 1700, which, like that of 1697, was for a time acknowledged by the College, though not approved by the King, reserved a power of visitation to the Governor and Council.

[3] Fifteen laymen were to be elected, upon acceptance of the act, by the old Board of Overseers, and were so elected, May 10, 1810; the fifteen ministers already members of the Board continued in office. Members were to hold office so long as they remained inhabitants of the State, unless removed by the Board for cause; but a minister who ceased to hold the ministerial relation he held when the act was accepted, or at the time of his election, thereby vacated his place in the Board. The Board was empowered to elect new members to fill vacancies occurring among either class.

[1] The Act of 1810 (March 6) was repealed by an act of February 29, 1812, and the Board of Overseers re-established as it had existed prior to 1810. The validity of the Act of 1812, which did not provide for submission of the Act to the Corporation and Overseers for their approval, was denied by these bodies but it was regarded as inexpedient to press the point, and the restored Board conducted business from June 3, 1812, until the re-establishment of the Board of 1810 by the Act of February 28, 1814.

NOTE

Under votes of the Corporation and Overseers the following facts are entered in the Quinquennial Catalogue.

In the Class lists record is made of certain honors, degrees, and positions held, in the past as well as in the present, by graduates. The following paragraphs show concisely what honors, degrees, and positions are thus recorded, and the manner in which they are indicated.

The arrangement is as follows: order of rank in scholarship; honors and distinctions received at graduation; Bowdoin Prizes; Harvard degrees, followed by degrees conferred by other institutions arranged chronologically; professorships and government appointments; membership in learned societies; judgeships; foreign orders and titles.

1. Degrees conferred by Harvard University and other universities, colleges, and professional schools of high standing.

Honorary degrees are distinguished from those obtained by examination.

The designation of a degree is followed by the name of the institution conferring it, and by the date; but degrees conferred by Harvard University are followed by the date only, and the degree of Master of Arts, formerly taken in course (that is, three years after the date of the Bachelor's degree) appears without date until 1869; since 1869, the degree of Master of Arts has been given only on examination.

Graduates who have received their degrees out of course are placed with their respective classes, and the date when the degree was conferred follows immediately after the name.

The completion of the regular course at a professional school which confers no degree, is indicated by the abbreviation (*grad.*) followed by the name of the institution and the date when the course was completed.

The first ten scholars in each class are indicated by italic numerals (1) — (10), in the order of their rank so far as they can be ascertained, and until the ranking in this way was discontinued. The rank is thus noted under the Bachelors of Arts in the classes of 1777–1887.

The undergraduate winners of the first Bowdoin Prize are indicated by the abbreviation (*Bowd.*).

Certain distinctions received at graduation are inserted after the names of Bachelors of Arts and Bachelors of Science; *cum laude*, *magna cum laude*, and *summa cum laude* are indicated by initial letters in italics (*c.l.*, *m.c.l.*, *s.c.l.*), and the special subjects in which graduates have received distinction or honors are mentioned in brackets. Final Honors are indicated by subjects in italics, followed by the abbreviation (*sum.*) when highest honors are received.

Degrees for honorable service in the war against the Central Powers were first conferred in the year 1919, and are awarded to those men who had completed three-quarters of their regular work for the degree, and whose service with the forces of the United States or the other countries involved the sacrifice of a part of their college work.

The italic *w* is appended to the names of such men as received this de-

gree. They are recorded in their respective classes under the Bachelors of Arts or Bachelors of Science.

Graduates who received a war degree and returned to complete the work for a regular degree are entered only in the class with which they received the regular degree.

2. Offices in Harvard University: President; Fellow; Treasurer; Overseer (by election); Professor; Tutor; Dean; Librarian; Director; and offices of like character.

3. Permanent professorial appointments in other universities, colleges, and professional schools of good standing.

4. Professional appointments of high grade under the United States government, or other governments.

5. Membership in foreign societies of high standing, provided such membership is regarded by those societies as an honorable distinction and provided the societies are accepted by the committee on societies or by the Corporation.

6. Membership in the National Academy of Sciences; American Academy of Arts and Sciences; American Philosophical Society; Massachusetts Historical Society.

7. Offices under the United States government: President; Vice President; President of the Senate (when not the Vice President); Member of the Cabinet; Senator; Speaker and Member of the House of Representatives; Ambassador; Minister; Chief Justice and Justice of the Supreme Court; Chief Justice and Judge of the Court of Claims; Judge of a Circuit or District Court; Major-General and higher ranks (not by brevet); Rear Admiral and higher ranks.

8. Offices under the State governments: Governor; Chief Justice and Justice of the Highest State Court; also Governors of Territories, Chief Justice and Justice of the Highest Court in Territories and in the District of Columbia.

9. Offices of similar grade, and honorary appointments, under foreign governments.

DEGREES CONFERRED BY HARVARD UNIVERSITY AND ABBREVIATIONS

S.T.B. . . . . Bachelor of Divinity
S.T.M. . . . . Master of Divinity
Th.D. . . . . Doctor of Theology *(by examination)*
S.T.D. . . . . Doctor of Divinity *(Honorary)*

w indicates that the holder of the degree completed at least three-fourths of his college work, but owing to military service was unable to finish the whole course.

The abbreviations used in the Quinquennial are, in general, self-explanatory. The Latin abbreviations are commonly used for degrees (S.T.B. = B.D., S.T.D. = D.D.), but the degree of Doctor of Civil Law is indicated by D.C.L., and for technical degrees the English abbreviations are given.

All who use the Catalogue are urged to send additions, corrections, and information of deaths or other changes, to the Editor of the Quinquennial Catalogue, Harvard College Library, Cambridge, Mass.

DOCTORS OF PHILOSOPHY, DOCTORS OF SCIENCE, MASTERS OF ARTS, AND MASTERS OF SCIENCE

Ph.D., S.D., A.M., S.M.

The Graduate Department was established in 1872. In 1890 it received the name Graduate School, and in 1905 that of the Graduate School of Arts and Sciences. From 1642 to 1869 the degree of Master of Arts was given in course and is recorded in the list of Bachelors of Arts. (See note on page 131.) Since 1909 S.D. and S.M. have not been conferred in the Graduate School of Arts and Sciences except upon students enrolled as candidates for degrees before that date.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated; otherwise the record is under the earliest degree received.

The subjects in which Doctors of Philosophy and Doctors of Science obtained their degrees are indicated immediately after their names.

CIVIL ENGINEERS AND MINING ENGINEERS

C.E., M.E.

From 1870 to 1888 these degrees were conferred upon students registered in the Lawrence Scientific School. In 1906 the advanced courses in this school were transferred to the Graduate School of Applied Science.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated; otherwise the record is under the earliest degree received.

MASTERS IN BUSINESS ADMINISTRATION

M.B.A.

The Graduate School of Business Administration was established in 1908.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated; otherwise the record is under the earliest degree received.

BACHELORS AND DOCTORS OF MEDICINE AND DOCTORS OF PUBLIC HEALTH

M.B., M.D., Dr.P.H.

Until 1811 the ordinary degrees of Bachelor in Medicine and Doctor in Medicine were conferred, the former on graduation from the Medical School, the latter on examination at least seven years after graduation. In 1811 the degree of Doctor in Medicine was granted to graduates of that year and to earlier graduates who had not been admitted to it, and all graduates since 1811 have received this degree. Commencing with the year 1911, the degree of Doctor of Public Health has been conferred for graduate work.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science, under the year indicated; otherwise the record is given under the earliest degree received.

GRADUATES OF THE DIVINITY SCHOOL, INCLUDING BACHELORS AND MASTERS OF DIVINITY AND DOCTORS OF THEOLOGY

GRAD. DIV. S., S.T.B., S.T.M., Th.D.

No degree was conferred on students in the Divinity School before 1870, but the names of those students who completed the regular course are here given. Since 1870 the degree of S.T.B. has been conferred upon examination, and after 1874 the names of those students only are given who received that degree. The degree of S.T.M. has been conferred, commencing with the year 1913. The degree of Th.D. has been conferred, commencing with the year 1915.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated; otherwise the record is under the earliest degree received.

HOLDERS OF HONORARY DEGREES AND GRADUATES OF OTHER COLLEGES WHO HAVE BEEN ADMITTED TO THE SAME DEGREE IN HARVARD UNIVERSITY.[1]

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated, otherwise the record is given under the earliest degree received.

The degree placed immediately after the name is that conferred by Harvard University.
